

## Child Sexual Exploitation Briefing

This **CPD accredited** course gives a thorough introduction to Child Sexual Exploitation (CSE) and a solid foundation for understanding the issues and processes surrounding it, including up-to-date information on relevant agencies and referral procedures. It is a precursor to our more extensive and in-depth Level 2 Child Sexual Exploitation Victim's Voice course aimed at frontline practitioners.

### Who is this course aimed at?

This is an essential starter course for those with no prior training in CSE and is aimed primarily at those who do not work directly with children and young people e.g. administrative staff members working in an organisation that supports children, rather than frontline workers.

- Different grooming models
